

# 'More Able and Talented: Back to Basics and Beyond'

A cross-phase conference on practice  
and provision for the More Able and Talented

**NACE is delighted to announce Tom Crick,  
Professor of Computer Science and Public Policy at Cardiff Met University,  
as keynote for this conference on 'Raising Aspirations in a Digital World'**

**Thursday 21<sup>st</sup> April 2016 at St David's Hotel and Spa, Cardiff**

*Tom Crick has a strong interest in science policy, science communications and public engagement. He is a member of a number of influential policy making bodies in this area. Tom is heavily involved in reforming computer science education in the UK and is Chair in Wales of Computing at School and currently Programme Director for the Computing and Information Systems at Cardiff Metropolitan University, where he is also Deputy Director of Enterprise.*

*"NACE Cymru was commonly cited as providing effective specialist support including NACE Cymru conferences events and training" Review to identify more able and talented provision across Wales,*

*Welsh Government, January 2016*

*The conference is for schools looking for inspiration and guidance on how to achieve excellent MAT provision and outcomes, whatever their stage of development in this area.*

## The workshops will include:

- MAT from scratch: developing policy and provision
- Planning for challenge and engagement in the classroom
- Raising the aspirations of MAT pupils for further study and career choices
- Using technology in creating challenging learning
- NACE Cymru Challenge Award: how schools are using the Award to achieve high quality provision for MAT

## Who should attend?

*MAT Co-ordinators, Teachers, Headteachers, Leading Teachers, Consortium and LA Advisers*

The conference will also include exhibitors showcasing resources and activities to support MAT provision
